

North of the river in Thurrock and Essex

7 LTC/M25 junction:

- Utility proposals include some sewer diversion works from Ockendon Road to St. Mary's Lane via the B186 and overhead electricity cable diversion works around the B186 North Road.
- North of the Thames Chase Forest Centre, we are proposing a new maintenance access track and a multi-utilities diversion. We have located these within the same area to limit the reduction in woodland compensation that is required to accommodate these changes.

Lower Thames Crossing
